## LETTER OF RECOMMENDATION

This letter is to confirm that Alina Savelyeva worked as a Russian language teacher at Tallinn University's International Summer School (Tallinn Summer School) from July 9<sup>th</sup> to July 27<sup>th</sup>, 2018.

Alina taught Russian to a group of international participants for three weeks (60 academic hours). The languages of instruction were Russian and English. It was a difficult group to teach, as the participants were from different countries and different age groups. In addition, their Russian language skills varied between intermediate and advanced. Alina got an excellent feedback from her students, the average score the students gave her was 9,75 out of 10.

Some comments from the course participants:

*"Overall, Alina did a great job. We all have different levels, so her job has not been easy. But she's a great motivator and very knowledgeable."*

*"Alina is an amazing language teacher. Super organized, responsible, friendly and flexible to our work/ learning style. "*

*"The content prepared by Alina herself was even better than when we used the textbook."*

Alina is outgoing, dedicated and a trustworthy person, who actively contributed to the summer school team's goals. I'm happy to recommend Alina to any organisation seeking a valuable team member, it was a pleasure to have her work with us.
